Supplies for Making the Card and Envelope

1. Two (2) sheets of 8 1/2 x 11 paper. Can be any color paper if you have around.
2. glue: you can use liquid or stick just use a little... not a lot...or double faced tape,
3. felt tip markers: variety of colors
4. color pencils: variety of colors
5. pencil or ink pen
6. sissors
7. Any other type of decoration you want. Glitter, stickers, glitter, rubber stamps, paint and more.

Step One:

Take one sheet of paper and fold in half and then in half again. You will end up with a rectangle that is 4 1/4 wide x 5 1/4 tall. Place the single vertical fold on the left side and the two folded sides that are on the short end, at the top.

You now have your card.

Step Two:

Decorate it to your hearts content. Open it up and write your wishes inside. Turn it over and write your name and the year so it will have a place in history.

Envelope:

1. take the other sheet of paper and place the card on it so that you can fold up one end and cover the card while still leaving enough of an overlap for the flap to close the envelope. Unfold it leaving the card inside and mark the right and left sides plus about 1/2 inch safety for gluing.
2. glue only in the safe area so the card will still fit once the sides are folded up and pressed down.
3. glue and fold flap and seal envelope.
4. Write the address of where it is goind or to whom it will be handed to.

You are done!!
