Jacobs Ladder

Supplies for Making Jacobs Ladder

1. 3 feet OR shorter, of string or yarn
2. tie the two ends together to make a loop

Step One:

1. place the string over your palms looping between the thumb and index-finger and the other side of the looped-string between the pinky and ring finger.

After trying several times to write this out... I have to give in to the video being the best way to learn how to make this. Writing it out is way too hard to articulate.

Thank you for being interested in making the Jacobs ladder.
